EASTERN PROBLEM

British Minister to Japan Has Undertaken to Mediate Between Russia and Japan.

JAPS MAKE SEVERAL PROPOSALS.

Principal Manchurian Towns to Be Opened to Foreign Trade and Country Restored to China.

Russia to Withdraw All Her Troops From Manchuria With the Exception of the Guards For the Railway.

St. Petersburg, Oct. 19.—A newspaper published at Port Dalny is authority for the report that the British minister to Japan, Sir Claude MacDonald, has undertaken to mediate between Russia and Japan, and, having secured Japan's consent to certain proposals, is now negotiating with Russia. These proposals are that Russia shall restore Manchuria to China, and that the principal Manchurian towns be opened to foreign trade; that Russia withdraw all her troops from Manchuria with the exception of the railway guards; that she renounce her forestry concessions on both sides of the Yatau river, as well as the Yonampho concession and that the whole country south of the Yatu river be admitted as belonging to Japan.

A special commission, under the presidency of the czar, has been formed to consider affairs in the far east. It includes the ministers of the interior, finance, foreign affairs, war and of the navy, and Viceroy Alexieff; other members will be nominated by the czar. The commission will consider budget proposals, measures to develop trade and industry and proposed alterations in the laws.

Paris, Oct. 19.—Count Cassini, the Russian ambassador to the United States, has been interviewed on the far eastern question. The ambassador said that the danger of a conflict, which was real a few days back, seemed to have been averted, and that if ever a conflict came it would not be provoked by Russia. Continuing, Count Cassini said:

"Our rights in Manchuria are undeniable. We made the country, which until quite recently was a mere haunt for bandits. We now have a vigilant police there, and, moreover, we have built the railroad. This does not mean that we intend to annex Manchuria, but having incurred enormous expenditures and possessing immense interests there, we insist that these be safeguarded, and we expect to reap our legitimate benefits. The powers understand this so well that none except possibly Japan seriously contemplated insisting that the evacuation be effected October 8. Russia can not evacuate Manchuria before obtaining the guarantee to which she has a right from China and all Europe, including even Great Britain, recognizing that their interests are united with those of Russia."

RUSSIAN FOREIGN MINISTER.

He Is in Favor of An Amicable Settlement With Japan.

London, Oct. 19.—In a dispatch from St. Petersburg the correspondent of the Daily Telegraph asserts that Count Lamsdorff, the Russian foreign minister, is strongly in favor of an amicable settlement with Japan. The correspondent says also that Count Lamsdorff emphasizes the danger of external complications and the eagerness of the United States to profit by a favorable opportunity to insist upon the fulfillment of Russia's pledges respecting Manchuria.

Spanish Claims Hearing Closed.

Caracas, Oct. 19.—The mixed commission which is hearing the Spanish claims against Venezuela has closed its sessions. Of the total amount of claims presented before the commission \$394,964 were awarded; \$205,385 were withdrawn and \$31,004 were refused.

The Statues Unveiled.

Berlin, Oct. 19.—The statues of the Emperor and Empress Frederick, opposite the Brandenburg gate, were unveiled Sunday in the presence of Emperor William and his empress, the crown prince and other imperial personages.

Appointed Special Agent of Venezuela.

Caracas, Oct. 19.—Dr. Jose Jesus Paul has been appointed special agent of Venezuela to the Hague arbitration tribunal. Dr. Paul was formerly the Venezuelan commissioner before the French and American mixed tribunals here.

Rome, Oct. 19.—The pope has appointed Mgr. Merry del Val papal secretary of state.

THROUGH A DRAW.

A Railway Accident on the Long Bridge Near Washington.

Washington, Oct. 19.—The Chesapeake & Ohio passenger train which left here at 11:22 o'clock Sunday night for Cincinnati, met with a serious accident on the long bridge which spans the Potomac river and connects Washington with the Virginia shore. About one-third of a mile from the Washington end of the bridge is a draw 150 feet in length. Sunday night as the train was passing over this draw the northern half of it gave way and precipitated the tender and a dead baggage car immediately following it into the water. A huge glider which formed part of the draw fortunately jammed up against the mall car following the dead baggage car and helped to keep it and the remaining cars of the train from going into the river. No one was killed, but Fireman John Woods, of Charlotte, N. C., received a severe gash in the face. Nearly all the cars on the train had come through from New York, including the combination car, the day coach and two sleepers. The accident delayed travel for some time.

"ELIJAH THE RESTORER."

John Alexander Dowie Faces His First New York Audience.

New York, Oct. 19.—John Alexander Dowie, who calls himself "Elijah the Restorer," faced his first New York audiences Sunday, and, although Madison Square garden was thronged at the afternoon and evening meetings and thousands were turned away from the doors, he found himself confronted with what he called a new experience when thousands, having evidently satisfied their curiosity, threw the meetings into confusion by their sudden exodus before the ceremonies had more than fairly begun.

Commands to close the doors and prevent exodus were unavailing and the prophet gave vent to displays of considerable petulance on finding that it was one thing to gather a great New York crowd, but quite another affair to command its interest after the first demands of curiosity had been satisfied. The house to house visitations by the hosts of Zion and the regular series of crusade meetings will be inaugurated Monday.

THE MISSING MILLIONAIRE.

A Reward of \$25,000 Is Offered For His Return Alive By His Brother.

Bristol, Tenn., Oct. 19.—It is now six days since E. L. Wentz, the young Philadelphia millionaire so mysteriously disappeared in the mountains of Wise county, Va., and notwithstanding a party with a thousand men have been scouring the mountains for four days no clew has been gained as to what became of him.

The missing man's brother, Daniel L. Wentz, has increased the reward for the finding of the young man from \$5,000 to \$25,000, provided he is returned alive. The reward, if the young man should be found, dead, is \$5,000. The father of the missing man is hurrying from Philadelphia.

The most plausible theory is that young Wentz has been murdered in the mountains as a matter of spite work for his firm hand in dealing with trespassers on the lands of the Virginia Coal and Iron Co. It is not improbable, however, that kidnappers are holding him for ransom.

SHERIFF'S POSSE IN PURSUIT.

A Fatal Quarrel Between Private Soldiers at Fort Missoula.

Missoula, Mont., Oct. 19.—Private Kennedy, a United States soldier stationed at Fort Missoula, was shot and killed at that post Sunday. John Tulley, another private, who is said to have killed Kennedy during a quarrel, has fled to the mountains and is being pursued by a sheriff's posse and a guard from the fort.

A Murder Mystery Partially Solved.

St. Louis, Oct. 19.—It is believed by the police that the mystery of the murder of Mrs. Kate Laumann, whose body was found lying by the roadside near Normandy Thursday, has been partially solved through the suicide Sunday of John Williams, a Negro, arrested late Saturday night as a suspect.

Her Body Rests in Potter's Field.

Salt Lake, Utah, Oct. 19.—The body of Mattie Reeves, the West Virginia girl who committed suicide here because, as she alleged in an ante-mortem statement, J. M. Stone, of Parkersburg, W. Va., deserted her, now rests in the potter's field. No one claimed the remains.

New York, Oct. 19.—Aime Charles Beatrond, a famous ballet master, died Sunday night in the psychopathic ward in Bellevue hospital. Of late Beatrond's mind had become weakened and he took to playing incessantly on his old violin.

OUR CONTENTIONS

They Are Sustained With One Exception by the Alaska Boundary Commission.

THE PORTLAND CANAL IS CANADA'S

London Papers Express Extreme Satisfaction That an Agreement Has Been Reached by Arbitration.

Senator Fairbanks, Ex-Chairman of the American Contingent of British and American Joint High Commission Well Pleased.

London, Oct. 19.—The Alaskan boundary commission reached an agreement whereby all the American contentions are sustained, with the exception of those in relation to the Portland canal, which Canada wins.

Few of the morning newspapers publish editorial articles on the decision of the Alaskan boundary tribunal. The Daily Telegraph expresses extreme satisfaction that an agreement has been reached because of the failure would have dealt a blow to the policy, still in its frail and tender infancy, of referring differences of this character to arbitration. The paper hopes that no attempt will be made on either side to reckon up scores or claim a victory, but that the decision will be accepted in good faith. It adds that the Canadians must abide by the decision.

Indianapolis, Ind., Oct. 19.—Senator Charles W. Fairbanks, who was the chairman of the American contingent of the British and United States joint high commission that met in 1898 in Quebec to take up the Alaskan boundary question, is well pleased with the decision reported in the dispatches from London.

In commenting on the decision Senator Fairbanks said:

"The decision of the Alaskan boundary commission is eminently satisfactory. It sustains substantially the entire American claim and is essentially a complete justification of the position taken by the American members of the United States and British joint high commission, which met in Quebec in 1898. The United States will now be permitted to hold all the territory in Alaska purchased of Russia in 1867 without further dispute. Our title, which was never disputed until within the last few years, since the gold discoveries, is now quieted."

"The press report sent from London indicates that the two small islands at the mouth of the Portland canal are conceded to Great Britain; and that the boundary line will run along the northwest side of the islands and not along the canal at the southeast side. This is a matter about which there was some reasonable ground of dispute. The islands are small and are known as Wales and Pearse islands. They are of no great commercial importance. They were originally claimed by the United States, but if by conceding them the more important contentions of the American commissioners are granted I feel that the United States has every cause for satisfaction over the terms of the settlement."

JURY FAILED TO AGREE.

No Verdict in the Miller-Johns Conspiracy Case.

Cincinnati, Oct. 19.—At 11:45 Saturday night the jury in the Miller-Johns alleged bribery trial reported that no agreement could be reached and was discharged by Judge Thompson. The case went to the jury shortly after 5 o'clock in the afternoon. The long wait for the verdict was declared by the accused men and their friends to be the most trying part of the ordeal to them.

The report was that the jury stood seven to five for conviction. One point on which they disagreed was as to whether there had been proof enough to show that Miller was in the conspiracy by sharing in the money that was derived from the transaction with Ryan.

The government officers were considerably disappointed at the result.

Carbondale, Ill., Oct. 19.—The people of Maurie, a small town on the Wash river in White county, have become excited over the finding of valuable pearls in the river bed and scores of people are now working daily gathering mussel shells, which are selling at \$15 a ton. Some experienced men can secure a ton day. The pearls being found range in value from \$10 to \$250.

Fast Mare Sold For \$7,000.

Lexington, Ky., Oct. 19.—John B. Stewart, of this city, sold to Dick Wilson, of Rushville, Ind., the 5-year-old mare Miss Gay, by Ashland Wilkes, out of a Nutwood mare, for \$7,000. This mare worked a mile in 2:09 1/4.

A STRANGE COINCIDENCE.

Death Believed to Have Been Presaged By Crushing of Picture.

Lexington, Ky., Oct. 19.—Henry Schwartz, 28, was killed at Burgin, Ky., Saturday night while trying to board a south-bound freight train. He lived at 718 Central avenue, Newport, Ky., and was in company with Robert Weaver, also of that city, when he met death. Both are machinists, and were trying to get south in search of employment.

Newport, Ky., Oct. 19.—Schwartz and Weaver left Newport on last Wednesday. He was a widower, and had been making his home with his father, Joseph Swartz, the well-known carpenter.

A curious and remarkable incident in connection with Schwartz's death was related by a younger brother, when the latter called at police headquarters Sunday night in search of definite information of Henry's death. He related that on Saturday afternoon a picture of the deceased hanging in the parlor at the home fell to the floor with a crash, breaking the frame and glass to pieces. Examination showed that the cord by which it was suspended had parted from age and decay, and that nothing had struck or jarred the picture, as was at first supposed.

Mr. Schwartz stated that he immediately remarked that something had happened to Henry, and this opinion was at once shared in by the rest of the family.

The falling of the picture was referred to several times during the evening, and the entire family seemed to look upon the incident as a forewarning of bad news to come about the absent one, and it seems that their worst fears were fully realized.

COLONIZATION OF NEGROES.

Opposition to a Permanent Army Post at West Point, Ky.

Frankfort, Ky., Oct. 19.—Opposition to the location of a permanent army post at West Point, in Harlan county, has developed in an unexpected way. The farmers of Harlan county are violently opposed to having the post, and are getting up a monster petition against it. The farmers urge that their fruit and fowls are foraged upon by the soldiers, and besides, their congressional district, which is now democratic, might be affected if several regiments of Negroes should be quartered there for a year and allowed to vote. It is said the farmers have interested all the democratic politicians in the matter and a determined fight will be made against the establishment of the post at West Point.

A Louisville Woman Badly Burned.

Louisville, Ky., Oct. 19.—Fire damaged the foundry of Bridgeford & Co. on Twentieth street \$10,000 worth Sunday afternoon. The fire originated in the stable of P. J. Neilligan, which adjoined the foundry. The residence of Herman Vonderfelder, opposite, was destroyed, and Mrs. Vonderfelder was seriously burned while rescuing her children.

City Clerk Run Down By a Horse.

Columbus, O., Oct. 19.—Frank Covalt, city clerk of Newport, Ky., was knocked down and run over by a horse and carriage here Sunday and received painful but not serious injuries. Mr. Covalt, who was visiting friends here, started across Broad street, and failed to dodge a horse driven rapidly by a woman.

Are Ready to Prevent Trouble.

Keely, Ky., Oct. 19.—Negroes here have threatened to kill Crockett Childress. He is the boy who was shot by Tom Hall, colored. After the shooting Hall was lynched. The white citizens are prepared to resist any attempt on the life of young Childress.

Mother Dead and Children Sick.

Newport, Ky., Oct. 19.—Mrs. Susan White, whose home was in this city, died of typhoid fever at St. Elizabeth's hospital, in Covington. Her death occurred just three weeks after her husband's funeral. Her two children are sick of the same disease.

Two Policemen Arrested.

Newport, Ky., Oct. 19.—Patrolmen Fitzsimmons and Sheran, of the Newport police, were placed under arrest for alleged breach of the peace by Constable Harry Park at police roll-call Sunday evening. They are charged with assault.

Swallows Carbolic Acid By Mistake.

Newport, Ky., Oct. 19.—Mrs. Patrick Kelly, residing at No. 9 James alley, while suffering with a severe cold, swallowed a teaspoonful of carbolic acid by mistake, thinking it was cough mixture. Dr. Gerding relieved the woman.

Two Boys Killed By a Train.

Dayton, Ky., Oct. 19.—Matt Bary, Jr., aged 12, and Edwin Hummel, 12, were instantly killed by the west-bound fast flyer on the C. & O. railroad, at Seventh and Walnut street, Saturday evening at 6 o'clock, while walking on the track.

TRIP IN CLOUDLAND

San Franciscans Surprised by an Airship Sailing Over Their Heads For Two Hours.

THE INVENTION OF DR. A. GRETH.

He Demonstrated That in Many Essentials He Has Solved the Problem of Aerial Navigation.

The Balloon Is Cigar-Shaped With a Capacity of 50,000 Feet of Gas With a Lifting Capacity of 1,800 to 2,000 Pounds.

San Francisco, Oct. 19.—Dr. August Greth, who for a year past has been unostentatiously working on an airship, Sunday surprised the residents of San Francisco by sailing over their heads for two hours, directing his machine almost at will and demonstrating that in many essentials he has solved the problem of aerial navigation. Dr. Greth had previously tested his airship by making ascensions with the balloon held captive by a long rope, but Sunday was the first time that he had gone skyward free. The ascension was made from a lot almost in the heart of the city, and Dr. Greth attempted to encircle a towering newspaper building about a mile eastward, but found the high currents too strong for his power and then turned in an opposite direction. The winds carried him oceanward and for a time he hovered over the vicinity of the Golden Gate, making various successful trials of his steering gear.

The currents threatened to take him out over the Pacific, and he decided to make a landing on the parade grounds of the Presidio military reservation, but made the mistake of letting out too much gas and he landed in the bay about 200 feet from shore. The crew of the life saving station rescued the aeronaut and his flying machine, which was little damaged by the unfortunate termination of the voyage. The balloon of Greth is cigar-shaped and has a capacity of 50,000 feet of gas with a lifting capacity of 1,800 to 2,000 pounds. The car is similar in construction to that used by Santos Dumont, and weighs about 800 pounds.

The engine is a 12-horse power gasoline motor and the total weight carried skyward, including that of the inventor and 260 pounds of ballast, was about 1,400 pounds. For some inexplicable reason the motor would not develop more than six horse and Dr. Greth found considerable difficulty in making head way against the current.

He expects to make another ascension in a few days when he will have repaired the minor damage caused by the salt water bath and remedied the minor defects brought out by his two hours cruise in cloudland.

AN EXPLORING PARTY.

The Summit of the Crater of Mauna Loa Reached For the First Time.

Honolulu, Oct. 19.—An exploring party of 13, the first to reach Mokuapopo, the summit of the crater Mauna Loa, gives reliable details of the eruption. The party suffered severely from mountain sickness and cold. They found the inside of the crater very active. Out of the mass of molten lava fire geysers were shooting up to the height of 200 feet or more, but there was no overflow. An increase of heat on the Dewey crater, lower down, indicates the possibility of an outbreak there. Kilauea remains normal. Many excursionists are visiting Mauna Loa.

Steamer Struck By a Tidal Wave.

London, Oct. 19.—The Cunard line steamer Etruria, from New York, October 10, which arrived at Liverpool, reports having been struck by a tidal wave on the day she left New York. A Canadian named Hall was killed and several other persons were injured.

A Large Military Camp.

Fort Riley, Kan., Oct. 19.—The largest military camp ever formed in this country in time of peace is now located here on the government reservation. About 12,000 men are here and by Monday morning it is expected the total will be increased to 13,000.

Steamer Wyoming Went to Bottom.

Alpena, Mich., Oct. 19.—The steamer Wyoming went to the bottom of Thundebay, opposite here. The boat was found waterlogged out in the lake by the steamer Hurd and was towed into the bay in time to save the craft from going down in deep water.

Trenton, N. J., Oct. 19.—Fifteen laborers were killed and about 40 more were injured in a collision between a gravel and a work train which occurred on the Belvidere division of the Pennsylvania railroad, near Washington's crossing.

CIRCUIT CLERK ISAAC WOODWARD has proved himself one of the most popular officials Mason County has ever had, and the people will see that he is again chosen to fill this position.

DON'T let apathy of the Democratic hosts of Kentucky lose the battle when it is already won. Let every Democrat see that his Democratic neighbor votes, and it will only be a question of majority.

HARBESON, Slattery, Bruce, McKnight Woodward, and the rest of the Democratic nominees should receive the full party vote in Mason County. Mason is the leading Democratic county in this end of the State and we must do our duty in the present fight.

At the lowest estimate, four thousand people turned out to hear Governor Beckham and Congressman Swager Sherley at Marion, Ky., Friday. The reception accorded the Governor everywhere he has spoken shows that the Democrats are awake to the importance of the campaign. Everything points to his triumphant election.

THE Courier-Journal estimates that Louisville speculators have been caught for \$2,000,000 by the Wall Street "vultures" during the slump in steel trust and other stocks the past month. One prominent manufacturer is said to have lost \$400,000 on United States steel stock, while another well-known family of speculators has lost \$140,000. The speculators are learning to their sorrow that Mr. Morgan isn't much of a financier, after all.

THE investigation being made at New York into the wrecking of the ship building trust is giving the public some highly interesting and valuable information as to how Morgan, Schwab and other "money devils" have been working their trust schemes in recent years. Frederic Seward, who was one of the directors of the wrecked ship building company, testified in the inquiry before Referee Oliphant, that he had voted to increase the capital stock of the company from \$3,000 to \$45,000,000, and had voted for the issuance of \$71,000,000 in securities, and was paid \$20 for his services as director. He refused to admit that he was a "dummy" director, but confessed he did not know the location of most of the constituent companies in the combine, and was ignorant of the character of business done by most of them. And yet such figure-heads as Seward were used by Schwab, Morgan & Co., to put millions of dollars of this "watered" stock on the market.

JUDGE BECKNER.

One of the Oily-Tongued Orator's Guns Effectually Spiked by His Home Paper.

[Winchester Democrat.]

One of the reasons assigned by Judge Beckner for leaving the Democratic party is that our common school laws are not what they should be and he wants to bring them up to date. The truth is that until Judge Beckner was nominated for office by the Republicans he never made a public speech without boasting of the fact that he was the author of practically all our school measures and claimed all the credit for their merit. When he now condemns our school laws he condemns what he has heretofore claimed to be his greatest pride. Even if Judge Beckner is sincere in his desire to improve our school laws, he must know that it cannot be accomplished through the Republicans for they are making no effort to control the Legislature, which alone can change our school laws.

DEGMAN AND STUBBLEFIELD

Named as Republican Nominees For Representative and Circuit Clerk Saturday.

Not more than 150 people all told, Republicans, ex-Democrats and Democrats, were present Saturday when the Republican convention was called to order by Chairman Wm. D. Cochran. After Mr. Cochran stated the object of the meeting an organization was effected by the election of John L. Chamberlain for Chairman and W. H. Lynch, for Secretary, without opposition. The convention got down to business at once.

Judge Hutchins nominated C. C. Degman for Representative. This was the only name presented and Mr. Degman was nominated by a unanimous vote.

On motion of Preston Wells, W. W. Stubblefield, of Rectorville, was nominated for Circuit Clerk.

The log cabin was adopted as the party device or emblem, and the convention then adjourned.

In Memoriam.

LAURA CHENOWETH DIMMITT.

On the evening of Oct. 2nd Mrs. Laura C. Dimmitt passed peacefully to the higher life, and this world is poorer by the loss of a pure and beautiful soul.

Physical pain is a great educator and guide, and for many long years of patiently borne suffering Mrs. Dimmitt's character was sweetened and strengthened in this school of pain to which God loves to send many of his chosen children.

Mrs. Dimmitt was a charming gentlewoman of the "old school," now, alas! rapidly passing away. She was like an old-fashioned miniature, so daintily sweet and so prettily clad. A strong and positive character, yet she was never harsh in her judgments, but ever gentle and courteous to all who came into her life. In thinking of her now I feel that I wish to put of record, as a tribute to the dead and as an invocation to the living, the most conspicuous trait of her character, and that was love. She loved with an unbounded love her children, her relatives, her friends, her church, her birth-place and State. Her all embracing love was as the shelter of a strong wall thrown around her beloved. She enveloped them in love. She often said: "Though my days of active usefulness may be past, I can still love you all and pray for you," and this she did unceasingly. If the greatest thing in the world be love, as we are taught in holy writ, then Mrs. Dimmitt gave the most royal of all gifts to those she loved and these embraced all she knew, for she loved them with a love that few have to give.

Just as the day sank into that deeper rest of the night, which follows after the twilight has gone, so she sank into that sweet rest that God gives to his beloved and blessed. Surrounded by her devoted children, without a struggle, with never a fear, but with unflinching faith in Christ Jesus, she fronted death as her true friend come to set her spirit free from her weary body. With her there was no backward clinging, no sore amaze, but serenely and in peace, perfect peace, her sweet spirit winged its way to those realms of perfect day, where she now awaits those she loved so dearly here. When our tasks, like hers, are ended, may our deaths be as serenely sweet as hers!

Farewell! A little time and we who knew thee well and loved thee here One after one shall follow thee, As pilgrims through the gate of fear Which opens on eternity. Yet shall we cherish not the less All that is left our hearts meanwhile; All lovely things by thee beloved Shall whisper to our hearts of thee— These in our view shall henceforth take A tender meaning for thy sake, And all thou lovedest of earth or sky Seem sacred to thy memory. M. C. G.

It is claimed that the record for life-saving is held by Joseph Langlois, a Chicago policeman, only 37 years old, who has rescued at least 100 persons from drowning.

IN MAYSVILLE.

Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Maysville what can it be?

Mrs. Willard Nichols, of 251 West Third street, says: "The result of the use of Doan's Kidney Pills proves them to be a most valuable remedy. Relief from backache follows from the first dose and a positive cure is effected in a short time. Mr. Nichols also used Doan's Kidney Pills with best results, procuring them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets."

Stoop-Shoulder Months!

One doesn't have to worry much about children getting round-shouldered as long as they are out doors all the while. It is when they are inside, exercising less and bending over desks that the injury is done. For this reason this is an especially timely season to put shoulder braces on the child that shows signs of stooping. It is folly to wait until the habit is fixed. We have the kind you should use, the ones universally conceded to be the best.

CONCERNING

Substantial High-Top Shoes and Durable Winter Boots

Fotterall, Barker & Brown have gained the reputation of making the best solid leather heavy goods in the world. The foremost dealers everywhere recognize the superiority of this firm's product, and though their lines command little higher prices than other manufacturers, the extra durability of this brand gives the retailer who handles them a prestige that competition cannot overcome.

We Have Them;

as well as cheaper lines; in fact there is nothing that you could wish in first-class footwear that we are unable to supply, and our prices will be found just as cheap as the same grade of goods can be bought for anywhere.

The Grand Lodge of Kentucky Masons meets in annual session in Louisville Tuesday.

IKE WOODWARD has always proven a winner and he'll walk right away from his opponent in the present race.

Dr. Gano Buckner, of Harrodsburg, closed a meeting at Leesburg Christian Church with thirteen additions to the membership.

Some excitement was created at the corner of Third and Market streets at dusk last evening by the explosion of a torpedo that had been placed on the street car track.

The game of football played by the Y. M. C. A. eleven of this city and the Flemingsburg boys Saturday was an interesting contest, resulting in a tie, neither side scoring. The teams are evenly matched.

Painless extraction of teeth at Dr. Cartmell's.

Triscuits and shredded wheat biscuits, Calhoun's.

Bargains waiting for you in underwear at Hainline's.

Winter & Everett received a carload of fresh seed rye to-day.

Born, Saturday, to Mr. and Mrs. C. W. Garnett, of Forest avenue, a son.

The annual memorial services will be held at the Catholic cemetery in Washington, Sunday, November 1st.

Rev. W. W. Hall was at Newport Thursday and officiated at the marriage of Miss America Alexander, formerly of Dover, to E. C. Ferguson.

Mr. Jos. F. Perrie, cashier of Mitchell, Finch & Co.'s Bank, who has been ill some time, rested well last night, and was feeling better this morning.

Judge Wm. Beckner, of Winchester, Republican candidate for Attorney-General, has gone to Martinsville, Ind., to take the mud bath treatment for rheumatism. His appointment to speak here Saturday was filled by ex-State Treasurer Geo. W. Long.

Mrs. Geo. Harding and son left yesterday to join her husband who is now engaged with the National Cash Register Company at Dayton, O. Mr. Fletcher and family have also moved to Dayton, Mr. Fletcher taking a position with the same company.

It is unlawful to kill quail before the 15th of November, but it is reported some Maysville hunters have been shooting them a month before the season opens. If one or two of these violators of the law were given a heavy fine, it would put a stop to such work.

J. L. Wilcox, of Paris, while hunting last Wednesday ran across two flocks of wild ducks. The first contained twenty, and he killed eighteen of them. The next flock contained about sixty ducks, and Mr. Wilcox landed twenty—a total of thirty-eight ducks in twelve shots.

Several County Clerk over the State have taken up the idea that in the arrangement of the official ballot for the November election they must place the address as well as the name of the candidates thereon. Secretary of State Hill has notified them that only the name of the candidate as set out in the certificate from his department can go on the ballot.

"The Girl From Tennessee" was presented at the opera house Saturday evening by the Peruchi-Beldeni Co. and pleased the large audience present. The company is a good one in every respect, and Mr. Peruchi is an especially entertaining comedian. The spectacular electrical specialty of "Gypzene and Roma" called the "Demon and the Fairy" was novel and pleasing. To-night "The Judge" will be presented. Two ladies or one lady and gentleman will be admitted on one 30-cent ticket. Tickets on sale at Ray's drug store.

Speaking of the approaching marriage of Mr. Sam. E. Riggs and Miss Marcella Cullen, the Greenup Democrat says: "It is a pleasure for us to speak a good word for the groom-to-be in advance of the happy event." He is one of Greenup's most popular young men, who has made his way in the world by hard work and close application. He is Congressman Kehoe's private Secretary and has served Judge Paynter in the same capacity. The bride-to-be is a popular and lovable young lady, a leader in social and church work in her home city."

PERSONAL.

—Miss Hoffinger is in Cincinnati to-day.

—Mrs. Leonard G. Cox and baby of Lexington are guests of Rev. and Mrs. C. F. Evans.

—Mrs. Lottie Cartmell left this morning to spend a couple of weeks at Martinsville, Ind.

—Dr. and Mrs. T. M. Pearce of Covington spent Sunday with Mr. Charles H. Frank and family.

—Mr. and Mrs. W. J. Neal, of the West End, have returned from a visit to relatives at Ewing.

—Mr. and Mrs. G. W. Winter have been visiting Mr. and Mrs. Stockton L. Wood of Covington.

—Mrs. L. G. Smoot and son Madison, of Washington, are guests of Mrs. Wm. Remington of Paris.

—Mr. and Mrs. W. L. Martin of Covington were guests of Mrs. Mary F. Martin and daughters Sunday.

—Mrs. Dr. Robertson and sister, of Cincinnati, have been the guests of Mrs. Talbott and sister at Rosedale.

—Mr. and Mrs. John McGraw, of Weldon, were registered at Bottmore Hotel, Kansas City, Mo., last week.

—Mr. J. E. Parker of the First National Bank arrived home Saturday from a trip to Kansas City and other points in the West.

New \$40 sewing machine \$20 at Gerbrich's.

The Court of Appeals has overruled the petition for a rehearing in the case of Thomas against the Maysville Gas Company.

Lee Williams has sold to D. Hechinger a house and lot in Culbertson, the consideration being fifty acres of land in Lewis County.

Captain F. Stanley Watson of Company L. Kentucky State Guards, Saturday sent his resignation to Adjutant General Murray.

The wife of Rev. T. J. Golightly is critically ill at Lexington. Mr. Golightly was formerly minister of the Lawrence Creek Christian Church.

J. C. Stewart's merry musical farce, "The Two Johns," will be seen at the opera house next Friday, Oct. 23rd. In this day of so many me-o-dramas, it is a relief to go and see a good clean comedy. If the musical numbers are as good as the management claim, it should be a most desirable evening's entertainment.

The new bank at Hillsboro, Ky., opened a few days ago. The deposits the first day amounted to \$12,000. Those who have charge are: O. B. Graham, President; Jas. H. Shepherd, Vice President; S. A. Dowd, Cashier; O. B. Graham, M. C. Saunders, Thos. H. Walton, J. H. Hawkins, O. B. Denton, Jas. H. Shepherd, A. T. Dav, J. W. Gilmore, Dr. S. F. O'Brien and B. H. Rice, directors.

Caleb Powers' speech to the Georgetown jury that convicted him comprised 42,000 words. As it appears in book form, to be sold in order to raise further funds for him, it comprises 72,000 words. The discovery was made after careful investigation by Stenographer Clarence Walker, who took the speech as it was made. The 32,000 words added by Powers to increase the sale of his book are almost without exception of a political nature. They consist of political references, reflections as to the "malice" and "persecution," and are wholly of a partisan nature. Powers is a sly one.

Edwin Hummel, aged thirteen, and Matthew Bary, also thirteen, were instantly killed by the C. and O. Fast Flyer at the head of Walnut street, Dayton, Saturday afternoon. They had jumped an eastbound freight about a square from the scene of the accident, but had barely got on the train before the Flyer dashed into view on its west-bound course. The two lads made a leap for life, realizing that the terrific speed of the Flyer would blow them off the freight. They failed to clear the track, and with a shriek of the whistle the Flyer dashed down upon them and ground them under its ponderous wheels.

One of the chief features of F. R. Hallam's revival of "Damon and Pythias," which will be seen at the Washington Opera House on Wednesday, October 28, under the auspices of Limestone Lodge No. 36, Knights of Pythias, will be its magnificent scenic equipment; every stick of scenery used in the entire five acts of the play will be carried. The interior of the Senate Chamber is a magnificent example of the artist's work, correct in architectural design, rich in coloring and strikingly effective. Another beautiful scene is a perspective view of the country surrounding the city of Syracuse, showing the great hills and rough roads that Damon travelled over in his great race to save his friend's life. One of the most novel effects ever attempted on the stage will be introduced in this scene. Damon on horseback will be actually seen riding furiously over the hills, first appearing in the distance and gradually coming nearer and nearer until his horse falls dead from exhaustion.

GAME IS PLENTIFUL

Reports from the country say there is more than the usual amount this season. Old "sports" are anxious to take a shot at the "Muley" bird, that rare specimen of zoology said to be more abundant than for many years. Blame yourself for empty game bags this winter if you insist on using an antiquated "shootin' iron." Get a good Gun and the best Ammunition. Get them here. We sell Remington double and single barrel Guns; Winchester, Richards and other brands. Remington, Winchester, Stevens, Colt, Piper and Quack-enbush Rifles. Shells, loaded or empty, black or smokeless powder. Hunting Coats, Leggins, etc.

THE MARKETS.

Review of Trade in Live Stock and Tobacco at Cincinnati the Past Week.

Cattle—The market for butcher cattle fluctuated 10@15¢ from day to day, with the prices at closing a shade higher than a week ago, but with a weak feeling under ample supplies.

Hogs—The market was irregular during the week—strong one day and weak the next; prices were lowest on Friday, when best brought \$5.70 @5.75 and light \$5.30@5.70.

Sheep—Sheep were strong early in the week, but have become easier during the past few days, owing to a slow demand, but prices are practically the same as a week ago. Lambs sold best on Wednesday, tops bringing \$6.

Tobacco—The feature of the week was the unusually large proportion of high-grade tobaccos in the "breaks," nearly one-half of the whole selling above 10 cents, and ranging from that figure to 21½ cents per 100 lbs.

These high-grade goods were mostly Mason, Pendleton and Owen counties packing, with a few hds. from Brown County, Ohio. The competition for them was keen and lively between the "Independent" manufacturers and the combine buyers, and the brokers and speculative element also took an active part in the bidding. The impression generally prevails that there will be a shortage of fine leaf in the new crop, and manufacturers are therefore fortifying themselves for future needs.

The market, on the whole, was a very satisfactory one to shippers, as indicated by the greatly decreased amount of rejections, which were a fraction less than 18 per cent.
